Season 5 Episode 6

Things we will learn

- That Bronson Spot gives us 3 units on 4 shafts
- That if we use all 3 units on 4 shafts, we lose the ability to have plain weave selvedges
- That we can thread half units for selvedges and they look great :)
- That we can use our twill knowledge to design shapes
- That it can have 4 thread units or 6 thread units for finer yarns
- That we can have diagonal lines and blocks all in the same piece

Plum, Light Grey and Charcoal
